

We have a website

Your child may have come home from school asking to use our website.

It is a **free, safe and secure** website that is **password protected**.

Why do we have a website?

- To help your child learn the words to songs
- To help your child learn the choreography (that means the moves) to songs
- To help your child understand what the songs are about

www.festivalofmusic.org.au

Please message Sasha for the password.

[Click here to check out the website with your child.](#)

Keep in the loop

Your child can watch the adventures of Maggie the Magpie, our mascot. Maggie likes to help the students with their learning – giving tips about the songs, the choreography, sharing her adventures at rehearsals, travelling around the country and the world.
